McCLAREN ANGUS

McClaren's have been in the ranching business since 1960. In their operation on the banks of the Niobrara River, they have learned that it takes all types of cattle to withstand unpredictable conditions. They have curated genetics to give you a bull with plenty of stamina and grit to get the job done. McClaren's genetics originated from Spear U Angus of Wall, SD. Foundation Six I Six genetics going back to Consensus. Great udders, good feet, outstanding disposition. Bulls have been kept on a slower-growing ration to increase longevity. All yearlings, all semen tested, and all passed with flying colors.

For more information on Lots 501-539, call Brad at 308-430-2590 or Chris at 308-430-8591.
